BENEFITING Y-CAP

Williamson County Y-CAP is an early intervention program for at-risk youth within our community. Through interaction that fosters trusting relationships, Y-CAP transforms the lives of youth who are stuck in a cycle of negative choices.

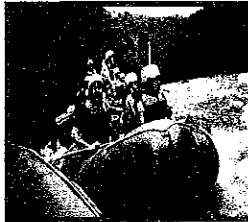

The NEED

- There are more than 2000 delinquencies reported a year in Williamson county.
- Nearly half of those reported are related to drugs and alcohol 46%. Another 28% is related to a chronic lack of respect for others, fighting and violence.

The PROGRAM

- **Alternative Learning Center:** Y-CAP staff interacts with more than 300 students a year who have gone through juvenile court. Interaction takes place through:

1. One on one counseling
2. Team building
3. Tutoring
4. Family Case work

Summer Programming: Y-CAP serves 30 or more students every summer through the above programs plus extended adventure trips.

The RESULTS

- 73% of students reported that Y-CAP has helped them do what is right even when others want to do something else.
- 82% of students reported that Y-CAP has helped them make better decisions concerning drug use, peer interaction and behavior in school.
- 91% of students reported that Y-CAP has helped them to realize they can do things they didn't think they could do before (finish high school, earn their GED, attend college).
- 100% reported that the program has helped them learn how to be a leader by assisting them in being a positive role model, making positive choices in light of peer pressure, and delegating responsibility.

The BENEFIT

100% of the money raised through our We Build People Campaign goes to outreach programs, not administration expenses.
